What's New

One of our aims in the school vision is to build links with members of the community. The school council are wanting to organise a community coffee morning including Easter bingo. This will take place on Thursday 4th April at 10.00am. The children will be organising the event, serving the refreshments and being involved with the bingo. It will be an opportunity for the children to get to know our community members. Parents, grandparents, relatives, friends and neighbours are all welcome to come along so please spread the word to help make the children’s first event a success. Thank you.

A note from Mrs Crawforth

“We are hoping to organise a community skills day where people from the community such as parents, grandparents or friends who have a particular skill will come in to school to share their skill with the children. This can be anything from knitting to cake decorating to wood carving or anything you think children might not have experienced previously. If you have a skill, or know someone who has a skill, and would be interested in sharing this with the children, please let me know so we can start thinking about whether we can go ahead. The day will be very informal and we don’t want people to feel any pressure.”
